EXPLANATORY NOTE.

THE NATURE OF THE TRADE RECORDED.

The trade dealt with in the attached figures is the sea-borne trade of the chief port, Karachi, and the sub-ports, Keti Bandar and Sirganda, in the Province of Sind with each other as well as with other Indian ports and foreign countries. Merchandise transhipped at these ports for conveyance elsewhere and to Customs ports (transhipment to foreign Indian ports in Native States being prohibited) is omitted from the statements.

Explanation of Imports and Exports.—Imports include goods landed for home consumption, bonding or eventual re-exportation and such articles in passengers' luggage as are dutiable.

Imports and Exports from and to foreign countries by parcel post are included, but the contents of registered letters are not included.

Imports and Exports of Gold and Silver Coin and Bullion are not included in the figures of Merchandise.

Government transactions are also dealt with separately.

Quantities and Value.—These are based on the declarations of importers and exporters in Bills of Entry and Shipping Bills as subsequently verified by Customs officials. The weight recorded is the net weight, *i. e.*, not including the weight of the receptacles or covers in which the goods are packed. The values of goods as defined in Section 30 of the Indian Sea Customs Act represent—

(*a*) the wholesale cash price, less trade discount, for which goods of the like kind and quality are sold or are capable of being sold at the time and place of importation or exportation, as the case may be, without any abatement or deduction whatever, except (in the case of goods imported) of the amount of the duties payable on the importation thereof; *or*

(*b*) where such price is not ascertainable, the cost at which goods of the like kind and quality could be delivered at such place without any abatement or deduction except as aforesaid.

Classification of the trade by Countries.—Imports are classified as received from the countries whence they were originally brought by land and sea or by sea only without interruption of transit save in the course of transhipment or transfer from one means of conveyance to another and are not credited either to the country of production or to the country of direct shipment, which differ from the country of consignment in the case of merchandise which has its origin in one country and is shipped at the port of other countries direct to India.

Exports are credited to the country of final destination for which the goods are intended, whether carried there direct or after transhipment. Until the year 1903-04, goods declared to be for Port Said but really intended for transmission to ports beyond the Canal were shown as exports to Egypt. Since that year, however, exporters have been intimating the actual port of destination of such shipments, which are accordingly classified in the returns, with the result that the figures of exports to Egypt have been considerably reduced.

Arrangement and grouping of articles.—The following is the system of classification in the summaries prefixed to the tables of the Foreign Trade.

I. Food, drink and tobacco.

II. Raw materials and produce and articles mainly unmanufactured.

III. Articles wholly or mainly manufactured.

IV. Miscellaneous and unclassified.

This classification has been adopted on the model of the summaries prefixed to the Annual Statement of the Trade of the United Kingdom with Foreign Countries and British possessions. A classification of summaries is attached to this note. In the detailed tables there is no sub-division under main heads, but the articles are arranged continuously in alphabetical order, provision being made for grouping together within the alphabetical order such articles as are related industrially or commercially. This arrangement, however, does not affect tables Nos. 8 to 11, which, as they have special reference to payments and refunds of Customs duty, follow, as usual, the arrangement of articles adopted in the Schedules to the Import Tariff. For convenience of reference to summaries and classification of summaries, a number indicating its appropriate main group in the summaries and a letter indicating its position within that group, have been shown opposite to each article in detailed tables No. 16 and 17.

The term "Indian Merchandise" comprises all goods which are of the growth, produce or manufacture of India. Indian merchandise is distinguished from British or foreign merchandise in the declaration of shippers made in the Shipping Bills from which trade statistics are compiled.

Arrangement of Tables.—The volume is divided into three parts—

Part I contains tables relating to trade with foreign countries;

Part II contains tables relating to the coasting trade, that is, trade with ports in India whether British or not; and

Part III relates to shipping, both foreign and coasting.

Part I.—*Foreign Trade.*—In Part I there are 18 tables, in all of which figures are compared for a period of five years. Tables 1 and 1-A are abstracts of total values of Merchandise imported and exported for the whole Province, with the share of the chief port, Karachi, and that of the sub-ports, exhibited separately. Table 2 shows the imports and exports of Government Stores from and to foreign countries. Tables 3 and 4 show the value of the Import and Export Trade, respectively, of the Province with each country. Tables 5, 6 and 7 are abstracts of trade of the chief port, Karachi, in each article. In these tables three differential limits, namely, one of Rs. 1,00,000 for major heads, one of Rs. 50,000 for sub-heads, one of Rs. 20,000 for detailed heads, have been instituted. Sub-heads that attained the appropriate minimum of Rs. 50,000 have been distinguished and the total for the major head has been completed by means of an entry "others" even if it fell short of Rs. 1,00,000. Detailed heads that attained the appropriate minimum of Rs. 20,000 have been distinguished and totals have been constituted and shown for the sub-head and major head to which such detailed head belongs although the totals of the sub-head and major head fell short of Rs. 50,000 and 1,00,000 respectively. A major head having a less value than Rs. 1,00,000 is omitted and the figures are merged in "other articles of merchandise, unmanufactured or manufactured" as the case may be. In the case of cotton twist and yarn, however, counts "of mule and water" and "orange red and other colours" of which the value is less than Rs. 20,000 have not been merged in "unspecified descriptions" but counts of the same descriptions have been added together until the total reaches Rs. 20,000, preserving at the same time a uniform division of counts as far as possible. Tables 5-A, 6-A and 7-A show the total value of the trade of the sub-ports taken together. Tables 8 to 11 deal with Customs Duty collections, Refunds and Drawbacks, the articles in tables 9 and 11 being arranged in accordance with the latest tariff schedules and grouped under the four heads under each of the different rates of duty. Table 12 shows the value of such dutiable articles as have been passed free for specific reasons, articles having a less value than Rs. 1,000 being shown under "All other Articles of Merchandise." Table 13 gives the quantities of dutiable articles remaining in bond at the end of the year.

Tables 16 and 17 give particulars of Imports and Exports from and to each foreign country for the Province as a whole, the trade with the different countries being detailed under each article. In these tables, where there are two or

more countries with which the trade is unimportant, *i.e.*, with a value of less than Rs. 1,000 in each case, the countries have been grouped under the head "Other Countries." Also, when the value of the trade under any major, subordinate or detailed head is less than Rs. 1,000, it has been merged in the case of major heads in the head "All other Articles of Merchandise, unmanufactured or manufactured" as the case may be, and, in the case of subordinate or detailed heads, in the sub-head "Other Sorts," under the major or sub-head, unless special reasons exist for specifying it separately.

The details of trade with each country are shown in table 18, which is divided into 3 parts, 18-1 showing imports from each foreign country, 18-2 re-exports of foreign merchandise thereto, and 18-3 exports of Indian merchandise. Articles having a less value than Rs. 10,000 are not specified in his table.

In all tables where trade is shown according to countries, the countries included in the British Empire have been grouped separately from foreign countries. A complete list of all the countries, the trade with which is separately recorded, is attached to this note.

Part II.—Coasting Trade.—There are 11 tables in this part, in all of which the articles are arranged alphabetically, provision being made for grouping together within the alphabetical order such articles as are related industrially or commercially, Table 1 gives the abstract total value of the trade of the Province as a whole. Table 1-A similarly shows the transactions of each port of the Province. Table 2 exhibits the total value of the trade of the whole Province with British ports in other Presidencies and within the Province, and Indian ports not British. Table 2-A shows in the same way the trade of the subordinate ports. Tables 3 to 6 are abstracts of the trade of the chief port in each article, country and foreign produce being distinguished. In these tables the same procedure as described in Part I (Tables 5 to 7 of the Foreign Trade) has been followed. Tables 3-A, 4-A, 5-A and 6-A show the total value of trade of the sub-ports. Tables 7 to 10 detail the particulars of Imports and Exports of the Province of Sind with—

SHIPPING.

Explanation of the manner of Registration of the vessels entered and cleared.—In the case of a vessel arriving from or clearing to more than one British Indian or foreign port (including foreign Indian ports), she is registered as follows:

In the case of a vessel arriving from—	Several foreign ports	She is shown as having entered from—	The first Foreign Port.
	Several British Indian ports		The last British Indian Port.
	British Indian and foreign ports.		The last British Indian Port.
In the case of a vessel clearing to—	Several foreign ports	She is shown as having cleared to—	The last Foreign Port.
	Several British Indian ports		The first British Indian Port.
	British Indian and foreign ports.		Do. do.

It should be mentioned that nearly all the vessels shown as having cleared for Egypt are vessels which merely call at Port Said "for orders" and are destined for various ports in Europe.

The tonnage recorded in these accounts is the "registered" tonnage of a vessel.

Definitions of the several classes of ships.—Separate figures are given for the following classes of ships:—

British. British Indian. Foreign. Native craft.

The above may be defined as follows:—

British.—Steamers and square-rigged sailing vessels, flying the British flag, and registered under the English Merchant Shipping Act of 1894 in any port in the United Kingdom or in a British Possession other than British India.

British Indian.—Steamers and square-rigged sailing vessels, flying the British flag, and registered under the Indian Merchant Shipping Act X of 1841, or other enactment* for the time being in force for the registration of ships in British India.

Native Craft—

(i) *British.*—Sailing vessels not square-rigged, flying the British flag, but not belonging to any ports in British India or in Native States.

(ii) *British Indian.*—Sailing vessels not square-rigged belonging to ports in British India or in Native States.

(iii) *Foreign.*—Sailing vessels not square-rigged flying a flag other than the British flag or that of a Native State.

Foreign.—Steamers and square-rigged sailing vessels flying a flag other than the British flag.

Note.—

His Majesty's ships of war, pleasure yachts, steam boats and launches, and vessels propelled only by oars are not included in the Shipping tables.

The particular nationality of all Steamers and square-rigged vessels falling under class "Foreign" is shown separately in the Foreign Trade only. In the case of Native Craft falling under Class (iii) Foreign, the figures for all nationalities are grouped together in the Foreign as well as the Coasting trade.

* Such as the English Merchant Shipping Act of 1894.

QUANTITIES and VALUES of the PRINCIPAL ARTICLES of FOREIGN MERCHANDISE IMPORTED COASTWISE from INDIAN PORTS into the CHIEF PORT, KARACHI, in each Official Year, from 1913-1914 to 1917-1918.

N.B.—In this statement three differential limits, namely, one of Rs. 1,00,000 for major heads, one of Rs. 50,000 for sub-heads and one of Rs. 20,000 for detailed heads, have been instituted. Sub-heads that attained the appropriate minimum of Rs. 50,000 have been distinguished and the total for the major head has been completed by means of an entry "others" even if it fell short of Rs. 1,00,000. Detailed heads that attained the appropriate minimum of Rs. 20,000 have been distinguished and totals have been constituted and shown for the sub-head and major head to which such detailed head belongs although the totals of the sub-head and major head fell short of Rs. 50,000 and 1,00,000, respectively. A major head having a less value than Rs. 1,00,000 is omitted and the figures are lumped with "all other articles" unmanufactured or manufactured, as the case may be.

COASTING TRADE. INDIAN PRODUCE AND MANUFACTURES.

YEARS 1913-1914 to 1917-1918.

No. 5.

QUANTITIES and VALUES of the PRINCIPAL ARTICLES of INDIAN PRODUCE and MANUFACTURES EXPORTED COASTWISE to INDIAN PORTS from the CHIEF PORT, KARACHI, in each Official Year, from 1913-1914 to 1917-1918.

N. B.—In this statement three differential limits, namely, one of Rs. 1,00,000 for major heads, one of Rs. 50,000 for sub-heads and one of Rs. 20,000 for detailed heads, have been instituted. Sub-heads that attained the appropriate minimum of Rs. 50,000 have been distinguished and the total for the major head has been completed by means of an entry "others" even if it fell short of Rs. 1,00,000. Detailed heads that attained the appropriate minimum of Rs. 20,000 have been distinguished and totals have been constituted and shown for the sub-head and major head to which such detailed head belongs although the totals of the sub-head and major head fell short of Rs. 50,000 and Rs. 1,00,000, respectively. A major head having a less value than Rs. 1,00,000 is omitted and the figures are lumped with "all other articles" unmanufactured or manufactured as the case may be.

EXPLANATORY NOTE.

THE NATURE OF THE TRADE RECORDED.

The trade dealt with in the attached figures is the sea-borne trade of the chief port, Karachi, and the sub-ports, Keti Bandar and Sirganda, in the Province of Sind with each other as well as with other Indian ports and foreign countries. Merchandise transhipped at these ports for conveyance elsewhere and to Customs ports (transhipment to foreign Indian ports in Native States being prohibited) is omitted from the statements.

Explanation of Imports and Exports.—Imports include goods landed for home consumption, bonding or eventual re-exportation and such articles in passengers' luggage as are dutiable.

Imports and Exports from and to foreign countries by parcel post are included, but the contents of registered letters are not included.

Imports and Exports of Gold and Silver Coin and Bullion are not included in the figures of Merchandise.

Government transactions are also dealt with separately.

Quantities and Value.—These are based on the declarations of importers and exporters in Bills of Entry and Shipping Bills as subsequently verified by Customs officials. The weight recorded is the net weight, *i. e.*, not including the weight of the receptacles or covers in which the goods are packed. The values of goods as defined in Section 30 of the Indian Sea Customs Act represent—

(*a*) the wholesale cash price, less trade discount, for which goods of the like kind and quality are sold or are capable of being sold at the time and place of importation or exportation, as the case may be, without any abatement or deduction whatever, except (in the case of goods imported) of the amount of the duties payable on the importation thereof; *or*

(*b*) where such price is not ascertainable, the cost at which goods of the like kind and quality could be delivered at such place without any abatement or deduction except as aforesaid.

Classification of the trade by Countries.—Imports are classified as received from the countries whence they were originally brought by land and sea or by sea only without interruption of transit save in the course of transhipment or transfer from one means of conveyance to another and are not credited either to the country of production or to the country of direct shipment, which differ from the country of consignment in the case of merchandise which has its origin in one country and is shipped at the port of other countries direct to India.

Exports are credited to the country of final destination for which the goods are intended, whether carried there direct or after transhipment. Until the year 1903-04, goods declared to be for Port Said but really intended for transmission to ports beyond the Canal were shown as exports to Egypt. Since that year, however, exporters have been intimating the actual port of destination of such shipments, which are accordingly classified in the returns, with the result that the figures of exports to Egypt have been considerably reduced.

Arrangement and grouping of articles.—The following is the system of classification in the summaries prefixed to the tables of the Foreign Trade.

I. Food, drink and tobacco.

II. Raw materials and produce and articles mainly unmanufactured.

III. Articles wholly or mainly manufactured.

IV. Miscellaneous and unclassified.

This classification has been adopted on the model of the summaries prefixed to the Annual Statement of the Trade of the United Kingdom with Foreign Countries and British possessions. A classification of summaries is attached to this note. In the detailed tables there is no sub-division under main heads, but the articles are arranged continuously in alphabetical order, provision being made for grouping together within the alphabetical order such articles as are related industrially or commercially. This arrangement, however, does not affect tables Nos. 8 to 11, which, as they have special reference to payments and refunds of Customs duty, follow, as usual, the arrangement of articles adopted in the Schedules to the Import Tariff. For convenience of reference to summaries and classification of summaries, a number indicating its appropriate main group in the summaries and a letter indicating its position within that group, have been shown opposite to each article in detailed tables No. 16 and 17.

The term "Indian Merchandise" comprises all goods which are of the growth, produce or manufacture of India. Indian merchandise is distinguished from British or foreign merchandise in the declaration of shippers made in the Shipping Bills from which trade statistics are compiled.

Arrangement of Tables.—The volume is divided into three parts—

Part I contains tables relating to trade with foreign countries;

Part II contains tables relating to the coasting trade, that is, trade with ports in India whether British or not; and

Part III relates to shipping, both foreign and coasting.

Part I.—*Foreign Trade.*—In Part I there are 18 tables, in all of which figures are compared for a period of five years. Tables 1 and 1-A are abstracts of total values of Merchandise imported and exported for the whole Province, with the share of the chief port, Karachi, and that of the sub-ports, exhibited separately. Table 2 shows the imports and exports of Government Stores from and to foreign countries. Tables 3 and 4 show the value of the Import and Export Trade, respectively, of the Province with each country. Tables 5, 6 and 7 are abstracts of trade of the chief port, Karachi, in each article. In these ables three differential limits, namely, one of Rs. 1,00,000 for major heads one of Rs. 50,000 for sub-heads, one of Rs. 20,000 for detailed heads, have, been instituted. Sub-heads that attained the appropriate minimum of Rs. 50,000 have been distinguished and the total for the major head has been completed by means of an entry "others" even if it fell short of Rs. 1,00,000. Detailed heads that attained the appropriate minimum of Rs. 20,000 have been distinguished and totals have been constituted and shown for the sub-head and major head to which such detailed head belongs although the totals of the sub-head and major head fell short of Rs. 50,000 and 1,00,000 respectively. A major head having a less value than Rs. 1,00,000 is omitted and the figures are merged in "other articles of merchandise, unmanufactured or manufactured" as the case may be. In the case of cotton twist and yarn, however, counts "of grey" and "orange red and other colours" of which the value is less than Rs. 20,000 have not been merged in "unspecified descriptions" but counts of the same descriptions have been added together until the total reaches Rs. 20,000, preserving at the same time a uniform division of counts as far as possible. Tables 5-A, 6-A and 7-A show the total value of the trade of the sub-ports taken together. Tables 8 to 11 deal with Customs Duty collections, Refunds and Drawbacks, the articles in tables 9 and 11 being arranged in accordance with the latest tariff schedules and grouped under the four heads under each of the different rates of duty. Table 12 shows the value of such dutiable articles as have been passed free for specific reasons, articles having a less value than Rs. 1,000 being shown under "All other Articles of Merchandise." Table 13 gives the quantities of dutiable articles remaining in bond at the end of the year.

Tables 14 and 15 deal with Imports and Exports of Treasure.

Tables 16 and 17 give particulars of Imports and Exports from and to each foreign country for the Province as a whole, the trade with the different countries being detailed under each article. In these tables, where there are two or

more countries with which the trade is unimportant, *i.e.*, with a value of less than Rs. 1,000 in each case, the countries have been grouped under the head "Other Countries." Also, when the value of the trade under any major, subordinate or detailed head is less than Rs. 1,000, it has been merged in the case of major heads in the head "All other Articles of Merchandise, unmanufactured or manufactured" as the case may be, and, in the case of subordinate or detailed heads, in the sub-head "Other Sorts," under the major or sub-head, unless special reasons exist for specifying it separately.

The details of trade with each country are shown in table 18, which is divided into 3 parts, 18-1 showing imports from each foreign country, 18-2 re-exports of foreign merchandise thereto, and 18-3 exports of Indian merchandise. Articles having a less value than Rs. 10,000 are not specified in this table.

In all tables where trade is shown according to countries, the countries included in the British Empire have been grouped separately from foreign countries. A complete list of all the countries, the trade with which is separately recorded, is attached to this note.

Part II.—*Coasting Trade.*—There are 11 tables in this part, in all of which the articles are arranged alphabetically, provision being made for grouping together within the alphabetical order such articles as are related industrially or commercially, Table 1 gives the abstract total value of the trade of the Province as a whole. Table 1-A similarly shows the transactions of each port of the Province. SHIPPING.

Explanation of the manner of Registration of the vessels entered and cleared.—In the case of a vessel arriving from or clearing to more than one British Indian or foreign port (including foreign Indian ports), she is registered as follows:

In the case of a vessel arriving from—	Several foreign ports Several British Indian ports British Indian and foreign ports.	... She is shown as having entered from—	The first Foreign Port. The last British Indian Port. The last British Indian Port.
In the case of a vessel clearing to—	Several foreign ports Several British Indian ports British Indian and foreign ports.	... She is shown as having cleared to—	The last Foreign Port. The first British Indian Port. Do. do.

It should be mentioned that nearly all the vessels shown as having cleared for Egypt are vessels which merely call at Port Said "for orders" and are destined for various ports in Europe.

The tonnage recorded in these accounts is the "registered" tonnage of a vessel.

Definitions of the several classes of ships.—Separate figures are given for the following classes of ships:—

TOTAL QUANTITIES and VALUES of the PRINCIPAL and other ARTICLES of FOREIGN MERCHANDISE RE-EXPORTED to FOREIGN COUNTRIES, in each Official year, from 1915-1916 to 1919-1920, from the CHIEF PORT, KARACHI.

N. B.—In this statement three differential limits, namely, one of Rs. 1,00,000 for major heads, one of Rs. 50,000 for sub-heads and one of Rs. 20,000 for detailed heads have been instituted. Sub-heads that attained the appropriate minimum of Rs. 50,000 have been distinguished and the total for the major head has been completed by means of an entry "other sorts" even if it fell short of Rs. 1,00,000. Detailed heads that attained the appropriate minimum of Rs. 20,000 have been distinguished and totals have been constituted and shown for the sub-head and major head to which such detailed head belongs although the totals of the sub-head and major head fell short of Rs. 50,000 and 1,00,000 respectively. A major head having a less value than Rs. 1,00,000 is omitted and the figures are lumped with "all other articles" unmanufactured or manufactured as the case may be.

* Includes Ford cars made in Canada. As the invoices did not show a continuous journey from Canada and the country of shipment was actually the United States of America, the cars had according to rule to be credited to the latter country. Imports from the United tates of America in 1919-20 include over a hundred of Ford cars.

N. B.—In this statement three differential limits, namely, one of Rs. 1,00,000 for major heads, one of Rs 50,000 for sub-heads and one of Rs. 20,000 for detailed heads, have been instituted. Sub-heads that attained the appropriate minimum of Rs. 50,000 have been distinguished and the total for the major head has been completed by means of an entry "others" even if it fell short of Rs. 1,00,000. Detailed heads that attained the appropriate minimum of Rs. 20,000 have been distinguished and totals have been constituted and shown for the sub-head and major head to which such detailed head belongs although the totals of the sub-head and major head fell short of Rs. 50,000 and 1,00,000, respectively. A major head having a less value than Rs. 1,00,000 is omitted and the figures are lumped with "all other articles" unmanufactured or manufactured as the case may be.

YEARS 1915-1916 to 1919-1920.

No. 5.

QUANTITIES and VALUES of the PRINCIPAL ARTICLES of INDIAN PRODUCE and MANUFACTURES EXPORTED COASTWISE to INDIAN PORTS from the CHIEF PORT, KARACHI, in each Official Year, from 1915-1916 to 1919-1920.

N.B.—In this statement three differential limits, namely, one of Rs. 1,00,000 for major heads, one of Rs. 50,000 for sub-heads and one of Rs. 20,000 for detailed heads, have been instituted. Sub-heads that attained the appropriate minimum of Rs. 50,000 have been distinguished and the total for the major head has been completed by means of an entry "others" even if it fell short of Rs. 1,00,000. Detailed heads that attained the appropriate minimum of Rs. 20,000 have been distinguished and totals have been constituted and shown for the sub-head and major head to which such detailed head belongs although the totals of the sub-head and major head fell short of Rs. 50,000 and Rs. 1,00,000, respectively. A major head having a less value than Rs. 1,00,000 is omitted and the figures are lumped with "all other articles" unmanufactured or manufactured as the case may be.
